  - Access to Library / Fulltext of Journals
  - Backup/Archive
  - Calendars (Exchange)
  - Filespaces
  - Printing via WMI Network
  - Software
  - WiFi
  - Virtual Private Network (VPN) via OpenVPN
- **Printer**
  - The printers are located in the basement (stairs below main entrance).
    The two main printers are:
    - **Canon printer** (iR C5240i) for A4 and A3 format, double-sided, color
    - **HP poster printer** (HP DesignJet T1600dr) up to A0 format for either normal paper (roll 1) or glossy paper (roll 2)
  - If your PC is part of the domain, the printers should be automatically installed on your PC

- **WMI-WiFi**
  - If you have new hardware and want to access the WMI-WiFi, please contact the IT-team to whitelist your hardware (necessary information: **MAC-address**)

- **Server & software**
  - Depending on your group, different servers are used for storing/sharing data. Please check with your supervisor.
  - The in-house file-server can be accessed via: \\badwwmi\user
  - \\badwwmi\user\groups: different sub-groups have their own folders
  - Software via WMI: \\badwwmi\user\software (e.g.: MS-Office 2016, …)
  - Software via TUM: https://collab.dvb.bayern/display/TUMsoftware (login with TUM-account)

- **Useful E-mail addresses**
